

Team Corp Sustainability Benefits

Impact of CHEP Pallets over 1 year

Benefits of our circular, reusable solution

Reutilization

- Continuous reuse of pallets minimizes resources
- Pooling drastically reduces waste in your supply chain

Transport Efficiencies

- Density of our network allows shorter transportation
- Results in a reduction of CO₂ in your supply chain

Resource Efficiencies

- Certified renewable resource from sustainable sources
- 100% recyclable back into new pallets & other uses

Sustainability Savings* enabled
By using CHEP Pooling vs. market alternative

5,000 Pallets

2,818 lbs solid waste

2,126 lbs CO₂e
That's like planting and growing 25 trees for 10 years!

639 truck miles

99% of all timber is certified
